Chip

Larry,  
I hope you'll always

show! Don't forget Biology Class  
& stay SOBER this summer  
Lynn

Larry,  
If you didn't wiggled  
your ears today I think I  
would have had a breakdown!  
You finally did it, now you  
can't deny you can do it. All  
we have to do now is roll  
your stomach. You're a pretty tricky  
fellow now that I think about it. Stay

as great as you are.  
Duck & daughter,  
Morice

Harry,  
I think you better

Mull,  
I hope you  
prospered from your  
2 more year but there's

have many happy days  
to come. Remember all the fun  
we had in  
all the ~~new~~ years  
Good Luck  
Take care

# WE WERE THERE

Now and what is always changes from year to year, even from day to day. Every span of time is somehow unique for all of us. We have the events of the day, our special friends, the pop songs, the current fads, everything that goes together to make this span unlike every other. The school year of 1970 and 71 is now and will never be again. This was the year that hemlines went down. Sometimes girls wore the maxi, sometimes, the midi, but, the mini was still with us too. Pants suits were in and even many of the women teachers were wearing them. Beards, moustaches and long hair appeared on many of the men on the faculty. Wire rim glasses were "right on". Leather fringe was "outa sight" and there was "no way" that any team could beat Fulton's swimming team. The economy slumped and we had snow up to our ears. Chet Huntley was off the air and the Partridge Family was on. Laugh-in had come and gone. Arnie was in. This was the year that we have tried to preserve. We hope that this book continues for years to bring you back to this special "1900 Yesterday."

*Our  
Principal  
and  
Vice  
Principal*

Mr. Rowland came to Fulton in 1940 to teach Industrial Arts. In 1956 he became Principal of Fairgrieve School. In 1959, he became Principal of Fulton High School. He received a Bachelor of Science Degree from Oswego, and a Masters of Science from Syracuse.

We sometimes get rules and restrictions from Mr. Rowland and Mr. Campolieta, but they also inspire us with high hopes.

Mr. Campolieta received a Bachelor of Science Degree from LeMoyne College and a Masters of Science Degree from Syracuse U. He is our vice principal.

## *Special Mention to the Class of 1974*

The yearbook staff is sorry that so few Freshmen are pictured in this book. Several group pictures of Freshmen were disposed of without reason or authorization. When this was discovered by more discreet members of the staff, it was impossible to do anything but try to include the Freshmen at every other opportunity.

*Winter Weekend  
fun and games*

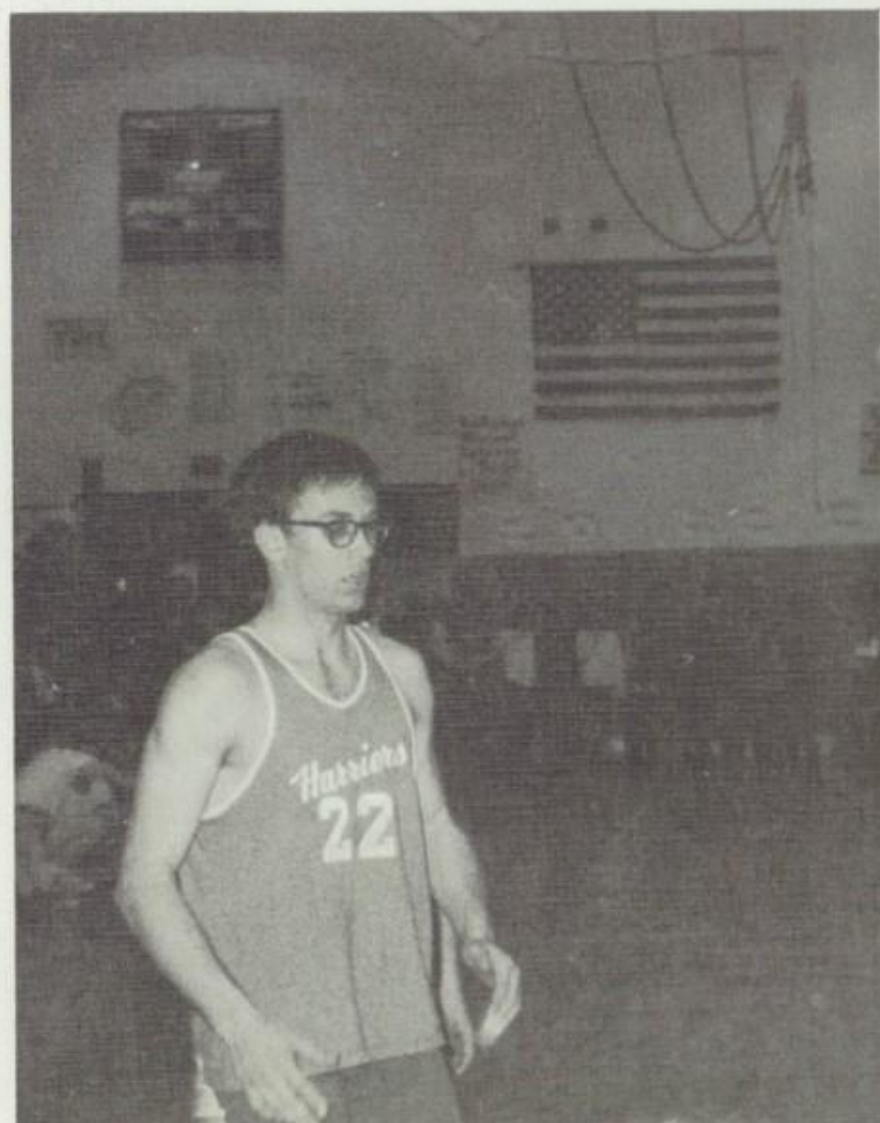

The Faculty Basketball game was another fantastic success this year. Our High School teachers came on strong to win a victory over their Junior High foes by a narrow margin of two points. Youngsters and oldsters joined in the fun. Spectators were stunned by the fabulous feats of the fast-paced and frivolous faculty. The Senior guys lent their support to the evening by indulging in a little idiocy and displaying their latent talents as cheerleaders. The entire night was one that will go down in the Class of 1971's memories as: The Game to Remember.

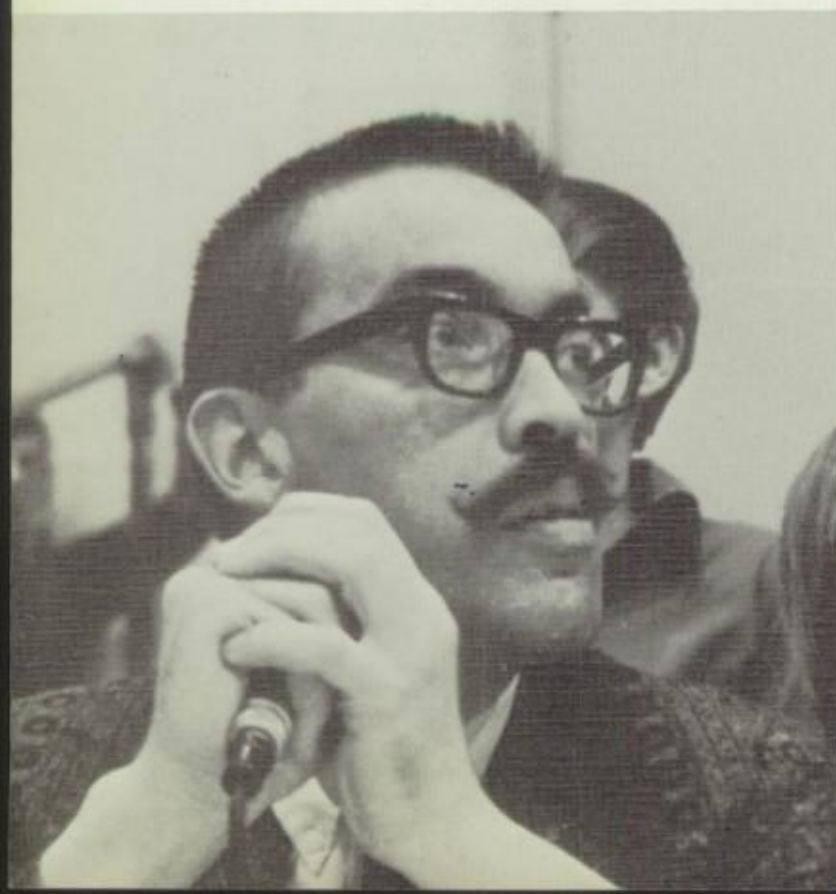

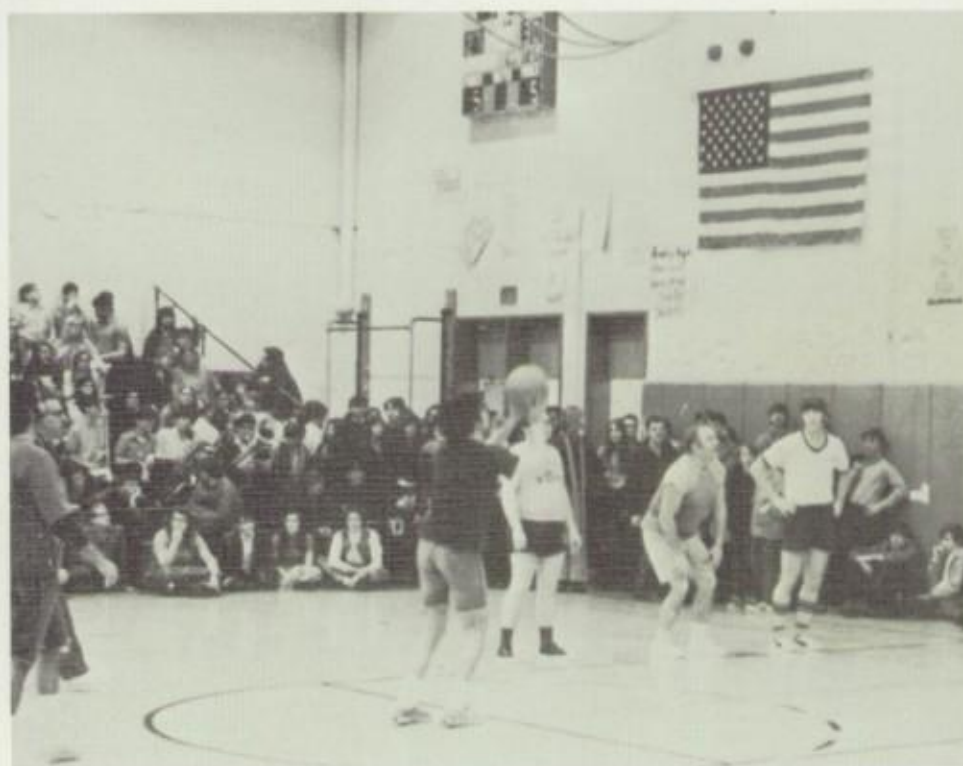

The Mark Eden Course will help you too.

## *Social Studies Club*

The Social Studies Club attempts to explore the various facets of learning about governments through discussion and participating in mock assemblies. One of the major highlights of the year is the trip to Oswego where area schools plan and take part in a Model United Nations Assembly. Last year the group from Fulton High School won a trophy for having the best delegation.

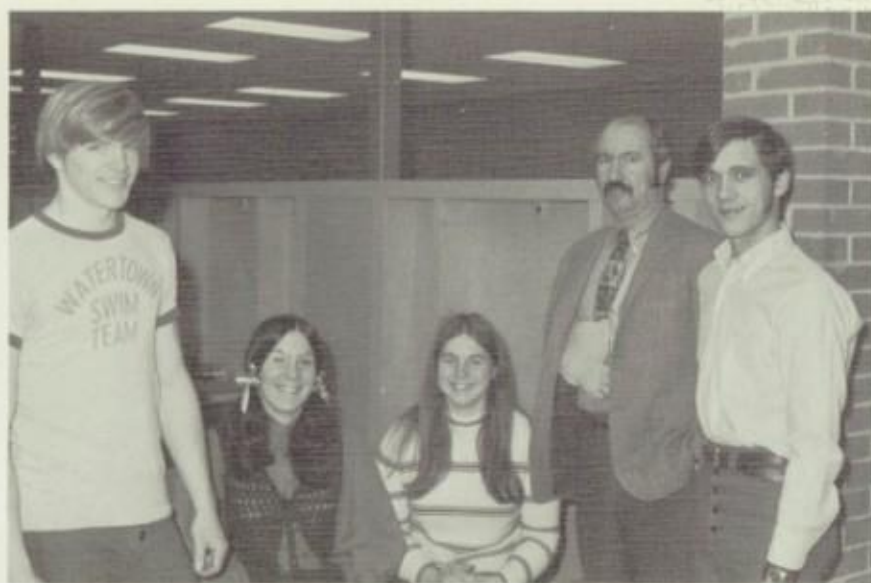

Pictured above are members of the Social Studies Club. Officers for this year are: President-Joe Campolieta; Vice-President-Doreen Carroll; and Secretary-Cindy Clark. Mr. Zizzi advises.

## Ski Club

Ski Club, whose advisor is Mr. Geers, and whose officers are Mark Gardner-President; Joy Okonieski-Vice President; Brenda Thomas-Secretary; and Terry Kinney-Treasurer, is organized to give high school students a chance to learn more about the sport of skiing. It provides an inexpensive form of transportation to various ski areas. Members of the club work on many projects to raise money for these trips.

The object of the AFS Club is to assume responsibility for the welfare of the foreign student in the school, to stimulate interest in the Americans Abroad program, and to cooperate with the local AFS chapter in all aspects of the program. Membership is open to any student who is genuinely interested in friends, fun, and funds for a foreign student. The AFS Club sponsors many activities which include: AFS assemblies; Community Exchange Week; AFS Tag Day; and the Penny Wednesday drives; along with frequent bake sales.

Thirty students joined the AFS Club when it first held its meeting in September this year. Several committees have been working. All the exchange students have their pictures displayed in the library with new tags giving their names and the dates they remained in G.R.B. In October the club had a display in a downtown window for American Education Week. The display idea has been carried out in the High School also.

# ***BOOSTER CLUB***

The purpose of the Booster Club is to promote school spirit. During the year, Booster Club makes posters, advertising when and where the games will be played and who the opponents will be. They sold pom-poms with the school colors of red and green and pins picturing the Red Raider, designed to be worn at the various sports. During football and basketball season, Booster Club tries to get busses to the away games. Booster Club's aim is for school spirit.

*Larry,  
It's really  
hard to write  
down particular  
feelings for someone thought a lot about. You  
are really a fantastic person. Just within  
the short amount of time that I've known you,  
I realize that you are a generous and  
sincere person. There aren't many of those  
left. Keep smiling and being "happy".  
Good luck in all you do and please  
keep in touch.

We grew up, we changed, from bottles and rattles to aquarius and the strawberry statement. We were only a micrcosm of the world yet we reflected all the changes in it. We changed from short hair to long and from black frames to wire rims. We changed, from young kids to voting kids; from hidden kids to enlightened kids. We learned so much, and yet, not so much. Had we changed ourselves, or had the world changed us?

## Bridge Over Troubled Water

The Guidance Office has five very able counselors on its staff who are always willing to help students with their problems, whether they are personal, educational or vocational. The counselors also help a student choose a class schedule that will be the most beneficial to him.

## *We Dedicate*

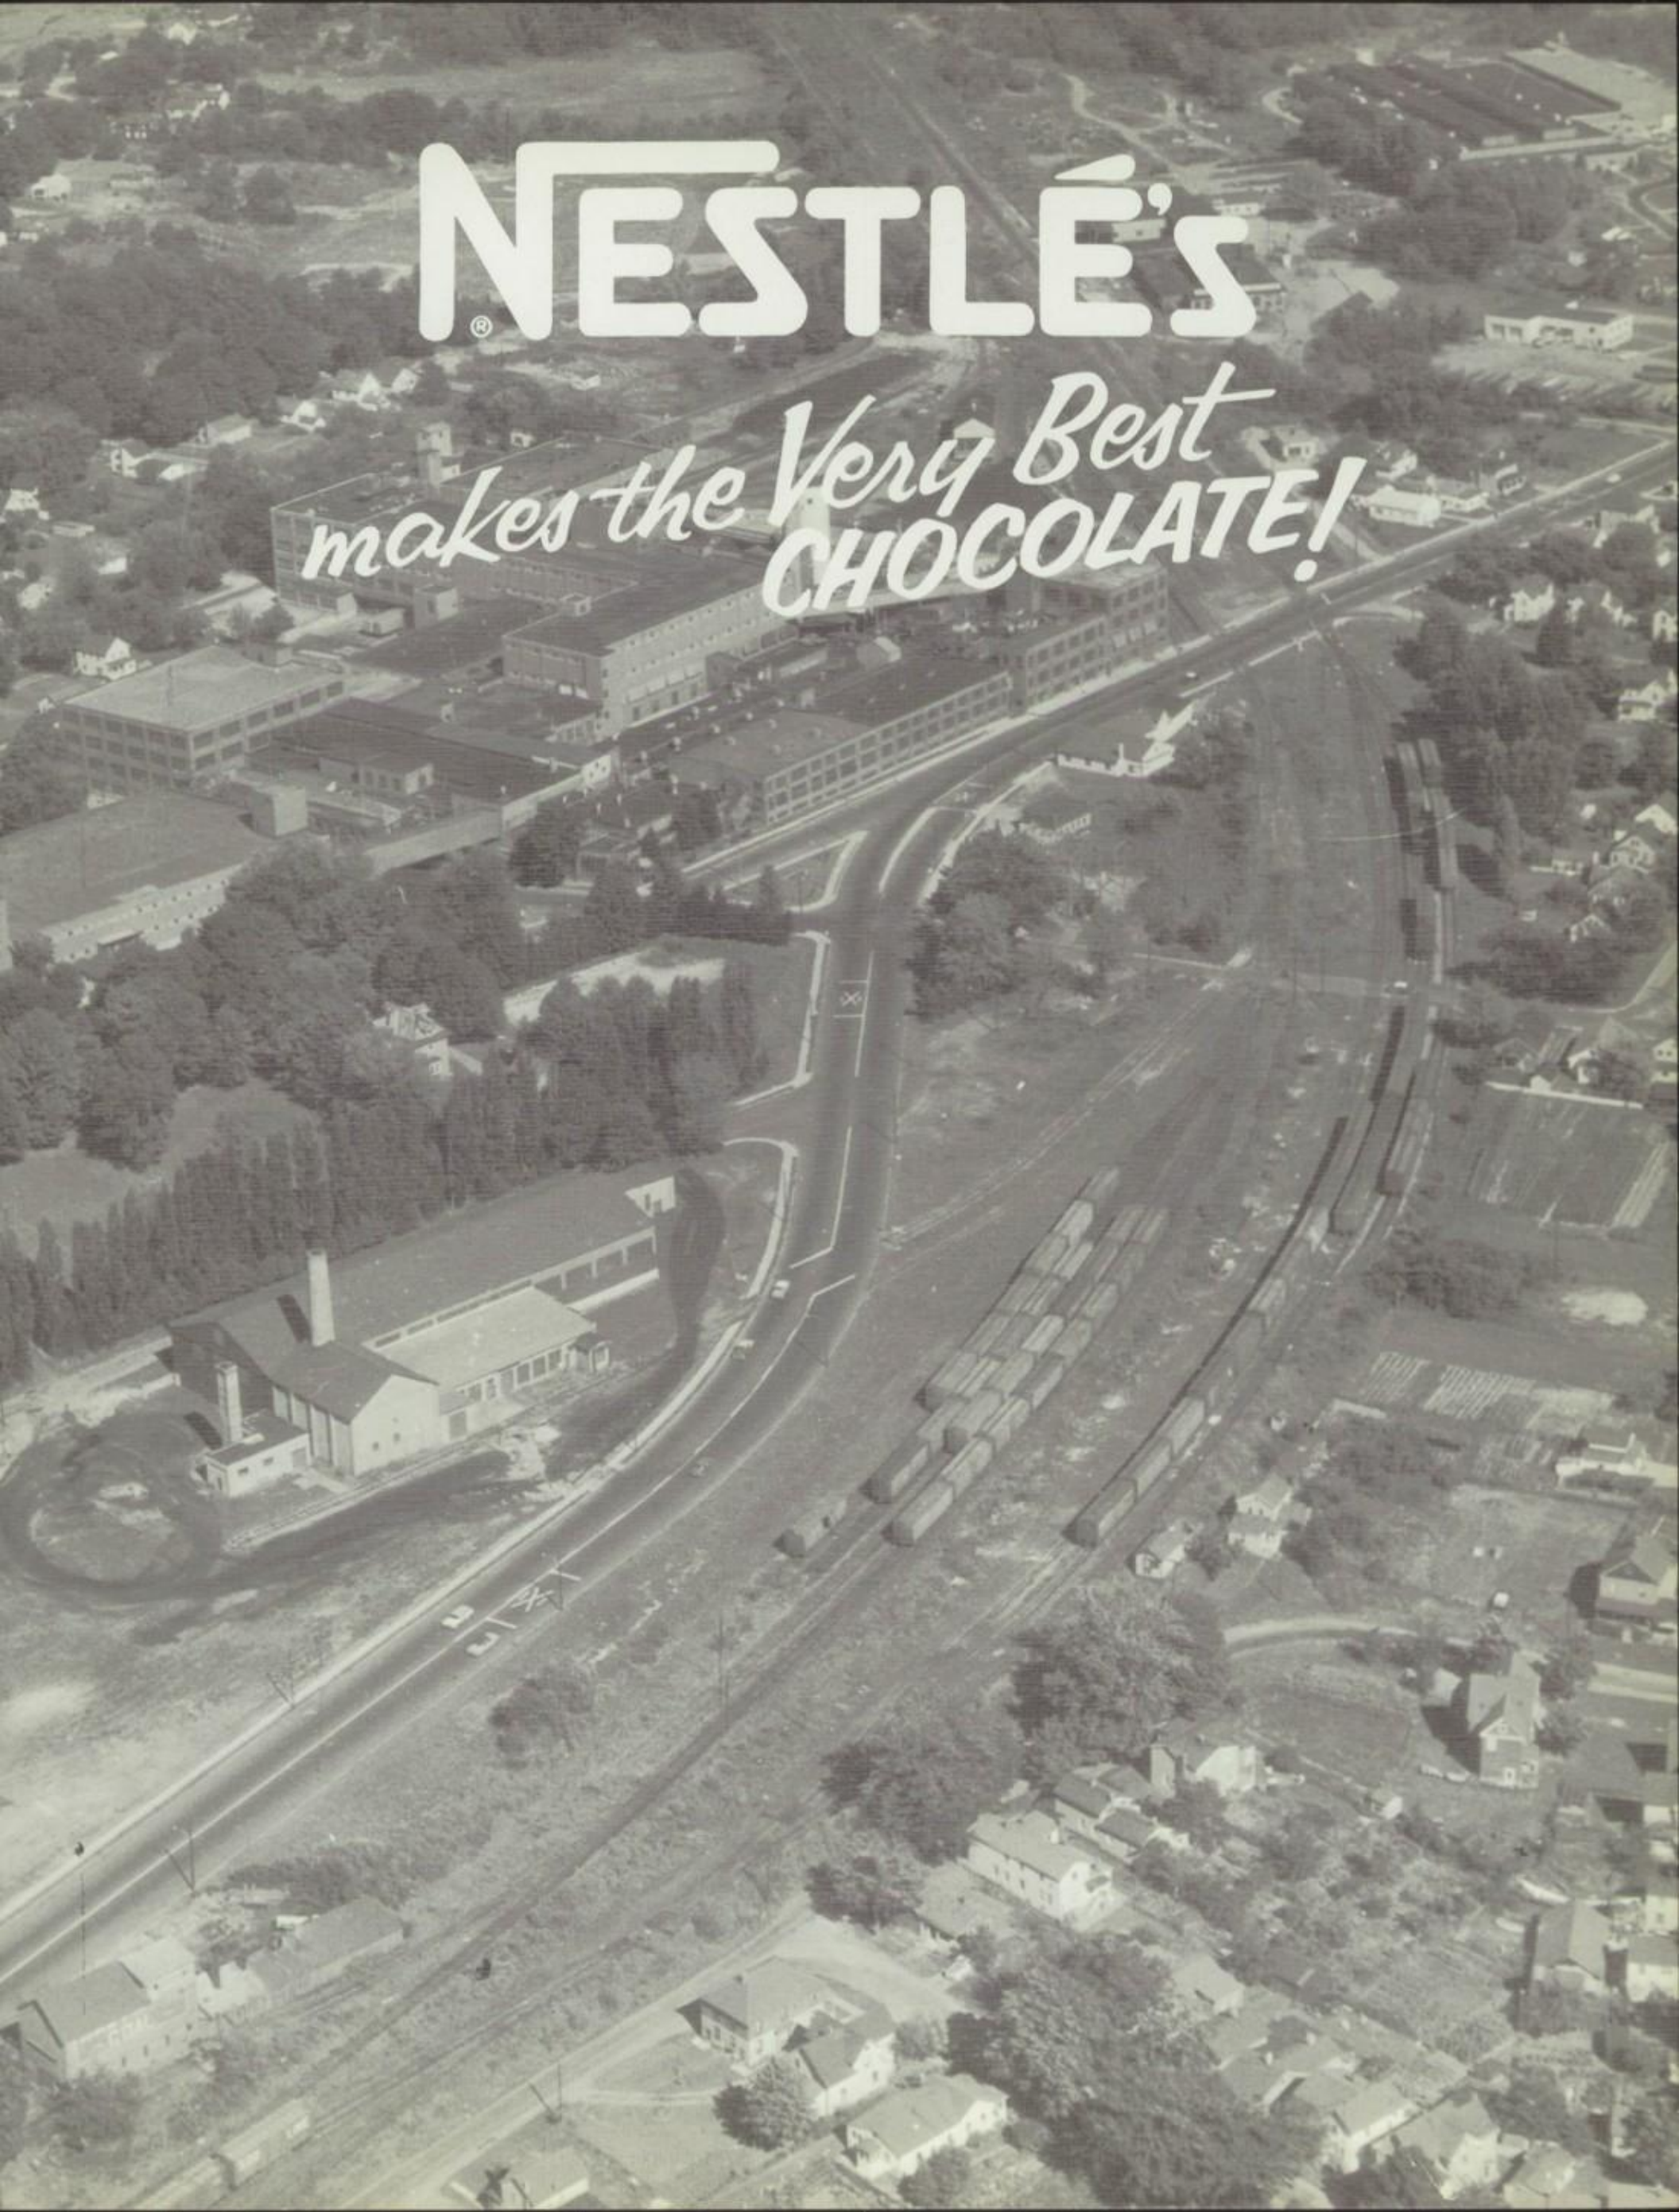

All of our efforts and ideas,  
And what we've wanted this to be,  
And that high ideal with which,  
In zest, we ventured forth-  
And not just what it is  
That may have fallen short.

The high school students at G. Ray Bodley express their appreciation to the businessmen and citizens of Fulton who purchased advertising space and by giving of themselves, helped us so that this annual might be published.
